ACM Codeathon Information

Fall 2026 · October 19th – November 2nd

Theme

Vector Database! Solve any problem of your choice using a vector database.

General Rules

- All skill levels and majors are welcome.
- Teams have a maximum size of 3.
- Entries must be submitted before our November 2nd meeting.
- All teams are required to give a short demonstration of their project at the judging meeting.
- Free snacks will be provided at the judging ceremony.

Presentation Format

- **3 minutes** – Pitch (slides optional)
- **5 minutes** – Software demo
- **Remaining time** – Q&A

Software Solution Judging Rubric

Criteria	Description	Score
Technical Implementation	Consider the project's code quality, performance, complexity, and use of technologies.	____ / 10
Use of AI	Was AI used in a new or clever way? Was discipline/field knowledge required to work effectively? *Note: Do not penalize students that did not use AI.*	____ / 5
Creativity	Is the solution original and unique? Is it innovative?	____ / 10
Theme	How well does the solution align with the theme?	____ / 5
User Experience	Is the interface intuitive and easy to use?	____ / 5
Functionality & Completion	Does the project work as intended? Is it complete? Did the group discuss future plans?	____ / 5
	Total Score	**___ / 40**
